## *IT'S TIME!*

September 5, 2013

King Solomon stated 3000 years ago "there is a time for everything, and a season for every activity under heaven." (Ecclesiastes 3:1) Sixty-eight years ago it was time for our founder, Gerald R. Meyer and his dad, Raymond, to start our company with little more than dreams. For sixty-eight continuous years, the Lord our God has blessed the Meyer family with a small but growing company that has taken care of all our needs.

Now, the family has become convinced it's time to start the search for a buyer of Meyer Hydraulics Corp. who will have the vision, energy and integrity necessary to build on the foundation our founder laid. This will lead to the expansion of the Company and its product lines to satisfy the growing needs of those around the world who enjoy "those yellow jacks." In our "golden years" the Meyer family is looking forward to stepping back, relaxing and cheering from the sidelines. Now will be someone else's time!

We'll keep everyone informed through our website as we progress in our search.
